GIRL IN HOSPITAL FOLLOWING CRASH

Miss Rose Cohn in Paige Car Smashes Into Ford Motor Truck.

Miss Rose Cohn, W. Mishawaka av., manager of the Golden Rule drygoods store, is at St. Joseph's hospital suffering from a severely lacerated face and head sustained in an automobile accident on Mishawaka av., near 19th st. yesterday afternoon, when her seven-passenger Paige car ran into a motor truck driven by James Fortin, of the Interstate Equipment Co., 415 S. Main st. Fortin was coming east and was on the right side of the roadway close to the curb. Miss Cohn was going towards South Bend and from some cause or other failed to see the truck into which she crashed with considerable force, smashing the fender and knocking off one of the front wheels of the truck. The Paige was similarly damaged, the radiator being badly dented and one of the wheels knocked off. The force of the impact forced Miss Cohn's head through the windshield. It was stated at the hospital last night that her condition was not serious. Fortin received bad bruises on his right arm.

TODAY'S LINCOLN PICTURE.

In Will Rogers' latest starring vehicle, "Let's Go Home," there is a pathetic scene in which the poverty-stricken and insane inventor is seen languishing in filthy rags in a workhouse. He has been robbed of the right to his invention by a man named Belcher. The superintendent of the workhouse and Belcher do their utmost to force the inventor to either commit suicide or die from insanity and starvation. But their scheme is thwarted by Jim Fenton (Will Rogers) who comes to rescue the insane man because he believes the girl he loves, in her turn loves the inventor. This picture will be shown at the Lincoln today.

CITY COURT NOTES.

FLOURISHING STATE OF MUTUAL RELIEF

Woolen Company Organization Has Remarkably Good Record.

The Mutual Relief association, operated by the employees of the Mishawaka Woolen Mfg. Co., has now a total of 3,227 members, comprising about 90 percent of the total number of workers in the factory and office. Membership in the association is purely voluntary, and that it has so many interested is an evidence of its appealing nature. On a membership fee of 50 cents, and thereafter dues of 10 cents a week, it has been possible to pay in the 13 years since its organization, a total of \$108,947 for sick and accident benefits. This is considered a remarkable testimony of what cooperation for mutual benefit can accomplish on dues so low that the amount is not missed by any individual. The only expense of the association is for printing and stationery. The business of the organization is conducted on company's time. The balance in the treasury present is \$6,558.45, most of which is invested in Liberty bonds.
